

Comparability Part 3

Ensuring equivalence among schools in the provision of curriculum materials and instructional supplies.

Please provide documentation that the district provided a comparable amount of curricular materials and instructional supplies to each public school for the 2015-2016 school year without taking into consideration the amount of Title I funding provided to each building and label it as Part 3.

Enclosed are two templates which can help illustrate how a district could document compliance for this requirement.

H Middle			
I Middle			
J Middle			
K Middle			
Total Middle School			
L High School			
M High School			
N High School			
Total High School			
Grand Total			

Any Town Public School District Policy:

The Any Town Public School District uses enrollment to determine line item budget amounts for each building. Once these foundation aid dollars are established per school, the Title I dollars are then used to supplement or add to the amount available for materials and supplies at each building.

The chart above demonstrates the distribution of the foundation aid monies per school's curriculum materials and instructional supplies line item accounts.

The consolidated application dollars are in addition to these per base dollars budgeted per school.

Title I Comparability Requirements — Part 3

Equivalency Among Schools in the Provision of Curriculum Materials and Instructional Supplies

District _____

School Year _____

For the LEA as a whole, the allocation per student from State and local funds is _____

School	Enrollment	Per child Amount	State and Local Funds Allocated	Comparable?
A Elementary				
B Elementary				
C Elementary				
D Elementary				
E Elementary				
F Elementary				
G Elementary				
H Elementary				
I Elementary				
Total Elementary				
Grade-span per-child amount provided from state and local funds				
90% of the per-child amount				
110% of the per-child amount				

In order to be comparable, the amount of state and local funds allocated per child in each school needs to be between 90 to 110 percent of the per child amount
